Items that are to be paid on ParentPay have already been set up ready for payment. Please be aware that all clubs will require prior payment before admission is given. The clubs will operate on a first come first serve basis. No payments can be made in our School Office. The payments will be set up as a whole year groups **if you do not want to join that particular club please ignore the request.**

All prices of the club sessions are displayed on the links provided or on ParentPay.

Music Lessons by Mr Tilds

Music lessons are offered throughout the school day, via an external music teacher, but are on a first come first serve basis. All payments are made in advance, and your child's timeslot will remain the same throughout the year. The cost of a block of 10 lessons is £84.00 regardless of what instrument is chosen. This current year we have a limited amount of spaces remaining, so once these are filled up your child will be placed on our Music waiting list. The Instruments that can be chosen are: trumpet, guitar, piano/keyboard, violin or drums.

If you would like your child to be considered for a class, please email reception@elps.co.uk naming the instrument you want your child to play, your child's name and class. Your child will then be added to the class via ParentPay where prompt payment will need to be made.

Any remaining lessons coming up to half terms or summer holidays will always be carried over. We ask that you keep a note of when your child's block lessons run out so that you can top up the payment on ParentPay, as your child will be turned away from a lesson if payment has not been made.

Music Lessons by Music Maps

ELPS also use Music Maps, where your child can learn; piano/keyboard, guitar, singing, song writing, violin and saxophone. Parents must contact them directly on start@musicmaps.org.uk; alternatively, you can call them on 020 3397 4850 to sign up.

Kind regards

ELPS
